# MyDS APP

EXCLUSIVE FEATURES.

CONTROL YOUR ELECTRIFIED VEHICLE FROM YOUR SMARTPHONE WITH THE MyDS App.

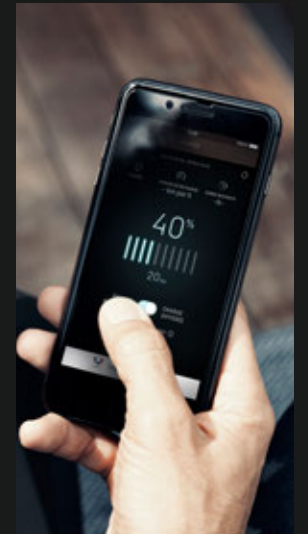

## RANGE INFORMATION

With the MyDS smartphone app, you can see your car's current state of charge and approximate remaining range. When your car is plugged in, the speed and expected remaining charging time are also shown.

## REMOTE CHARGING

With control of remote charging you can use the MyDS app to commence charging or initiate a programmed charge. A programmed charge enables you to use the most beneficial energy rates to replenish your battery.

## REMOTE AIR CONDITIONING

This feature allows you to programme the heating or air conditioning of your car while it's still charging. Your car will be set to your preferred temperature when you get in, without diminishing the range available.

# DIMENSIONS

EXTERIOR DIMENSIONS (mm)	
Length	4118
Width mirrors unfolded/folded	1988/1802
Height (unladen)	1534
Wheelbase	2558
Ground clearance	170
Wheel diameter (max)	690

1. The performances are defined in standard condition (25°C, 1000mb)
2. The performances measurements are realised on flat, straight road.
3. The performances may vary according to the trim level and/or equipment.
4. For automatic transmissions, elasticity measurements are realised in DRIVE position.

Figures quoted reflect a range of configurations (including non-IE market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.
