"Recommended Retail Prices & Annual Road Tax are calculated using the base model WLTP values and are subject to change as a result of your vehicle configuration. Škoda Ireland reserves the right to alter pricing and specification without notice. Delivery & Related Charges Extra - please contact your local Škoda dealer for more information. Škoda Ireland has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions. The specified fuel consumption and emission values were presented, are the official figures unless stated otherwise and are obtained in accordance with Worldwide Harmonized Light Vehicle Test Procedure (WLTP) and are correct at the time of publication. WLTP values reflect the worldwide standard vehicle range excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO_2 emissions produced. Please note WLTP values for vehicle range and consumption may not be realised in real or day to day driving conditions"

ŠKODA

Selection: Key Equipment

SAFETY

- Advanced driver alert
- Hill hold control
- Electrical child safety lock system
- Seatbelt warning system
- Electronic stability control (ESC)
- iSOFIX child seat anchor points (1x co-driver & 2x outer rear)
- Emergency call (e-call)
- Tyre pressure monitoring system (TPMS)
- 7 airbags (incl. driver, co-driver, side, front, head + central airbag)
- Key safety assist systems:
  - Front assist
  - Side assist
  - Lane assist
  - Turn assist
  - Rear cross assist
  - Emergency assist
  - Intelligent speed assist
  - Multi collision brake assist

FUNCTIONAL

- Adaptive cruise control
- 'Kessy Full' – Keyless entry/go system incl. anti-theft alarm & walkaway locking function
- Infotainment system incl. 10.4" touchscreen display, Bluetooth & 9 speakers
- Wireless Smartlink (Apple Carplay & Android Auto)
- Dual wireless charging ring (subject to device compatibility)
- Climatronic 3-zone air conditioning
- USB-C charging points – 2x front/2x rear/1x mirror
- Digital smart dials
- Front & rear parking sensors
- Rear view camera
- Electric tailgate
- Trailer hitch preparation
- Front & rear electric windows
- Auto-dimming rear-view mirror
- 10.25" digital driver dashboard display
- Traffic sign recognition
- Remote access (3-year subscription)

INTERIOR

- Black/Grey 'Loft' fabric upholstery
- Interior ambient lighting incl. footwell lighting
- Unique Dark Chrome (UDC) decorative inserts
- 2-spoke leather heated multi-function heated steering wheel with tiptronic paddles
- Heated front seats
- Electric driver seat incl. height adjustment & lumbar support
- Front & rear centre armrest incl. storage compartment
- Front & rear floor mats
- Luggage compartment lighting incl. storage compartments & 12-volt socket
- Split folding rear seat & mechanical seat release
- 7 seat configuration (PHEV only available in 5 seats)

EXTERIOR

- 18" Soira anthracite alloy wheels
- Spare wheel, tool kit & jack
- Body coloured exterior mirrors
- Electrically adjusted/heated exterior mirrors
- LED headlights & LED daytime running lights
- LED taillights
- All weather lights
- Black roof rails & window surrounds

ŠKODA

Images used are for illustrative purposes only.

Selection +: Key Equipment

Effortlessly combining technology with practicality, the Selection + is equipped with many of the most popular features the Kodiaq has to offer. Key equipment includes (in addition to Selection spec):

- Leather Suite upholstery (Black or Cognac)
- 19" Halti alloy wheels
- Matrix LED headlights incl. variable light distribution
- LED taillights with dynamic indicators
- Illuminated front grill incl. dark chrome front grille inserts
- Dynamic welcome/leaving effect animation
- 'SUNSET' dark tinted privacy glass
- Anodized chrome roof rails
- Scuff plates in door sill

Sportline: Key Equipment

With sharp, sleek details both inside and out, the Sportline is distinctive from every angle. Packed with exclusive styling, the Sportline will ensure you can indulge your thirst for adventure in total comfort. Key equipment includes (in addition to Selection spec):

19" 'Tirsuli Anthracite' alloy wheels (Not standard on 4x4, see next page)

Matrix LED headlights incl. variable light distribution

LED tail lights with dynamic indicators

Illuminated front grill

Panoramic sunroof

3-spoke sport multifunction leather heated steering wheel with tiptronic paddles

Power folding exterior mirrors – driver incl. auto-dimming, memory function & blind spot illumination

Sportline exterior styling pack:

- Front & rear sports bumpers
- Black gloss exterior mirrors
- Black gloss front grille surround
- Black gloss roof rails
- Black gloss rear D-pillar

Sportline interior styling pack:

- Black Suedia & leatherette upholstery
- Front sports seats
- Dark interior headliner
- Aluminium door sills & sports pedals

Images used are for illustrative purposes only.

SKODA

Battery & Charging

The new Kodiaq iV is well suited not only for home charging, but also for charging at public chargers. Plus, the battery is continuously charged by regenerative braking because it processes the kinetic energy generated when braking. Fitted with a 25kWh Lithium-ion battery which provides a WLTP range of over 100km.

Charging times (approximate data):

Source	Charging power	SoC	Charging time
DC	40 kW*	10–80%	25 min.
AC	11 kW** 2.3 kW***	0–100% 0–100%	2 h 30 min. 11 h 15 min.

* Maximum DC charging power is dependent upon various charging conditions and may vary as a result.
** Typically, a public charger or home wallbox with three-phase 16 A.
*** Typically charging from a household socket with one-phase 10 A.

Charging cables compatible with the Kodiaq iV:

	**Mode 3**	From charging from a wallbox	standard
	**Wallbox cable (Type 2)**	The cable is part of the AC charging station	–
	**Mode 4 (CCS2 connector)**	The cable is part of the DC charging station	–

ŠKODA

HVO (Hydrotreated Vegtable Oil)

Fuel your new diesel Škoda with HVO and reduce emissions by up to 90%

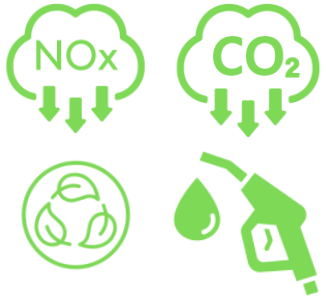

What is HVO?

HVO is a fuel replacement or alternative for compatible diesel engines. HVO offers a cleaner way to fuel by providing up to 90% reduced CO2 emissions. Unlike first generation biofuels, which are made from crops such as rapeseed and soy, Hydrotreated Vegetable Oil (HVO) is a second-generation biofuel made from pre-existing bio-waste products, primarily used cooking and vegetable oil from food industry waste. Manufactured from renewable and sustainable waste, HVO is a paraffinic drop-in fuel designed as a direct replacement for diesel. It meets the international fuel standard EN 15940. HVO can provide full lifecycle greenhouse gas (GHG) emission savings of up to 90% when compared to conventional diesel fuel.

What are the benefits?

Sustainability – Made from sustainable and renewable raw materials, HVO reduces carbon emissions by as much as 90%. This enables households and businesses to make an immediate reduction in carbon emissions and reduce their environmental impact.

Improved Air Quality due to a reduction in particle and nitrogen oxide (Nox) emissions compared to diesel

Performance – Your vehicles performance will be indistinguishable from diesel with the fuel performing better under certain circumstances such as cold winter conditions

Direct Drop-In – No modifications are required to new Škoda's in order to use HVO. HVO and diesel fuel can be interchanged and mixed in any ratio or concentration.

Price – currently many fuel suppliers in Ireland are providing HVO at a comparable or equivalent price to diesel. So there is no additional cost to switching

Where can I get HVO for my Škoda?

HVO is already available at selected Certa and Circle-K outlets in Dublin, Tipperary, Carlow, Cork and Donegal with availability improving all the time.

How do I know if my Škoda is compatible with HVO?

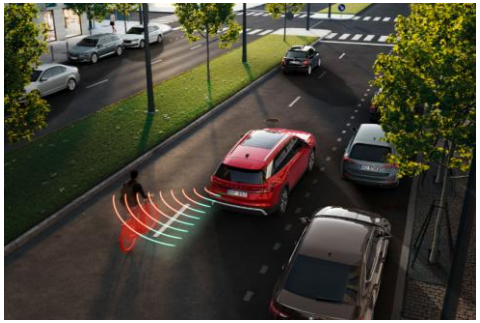

Only Škoda vehicles from "Model Year 2022" (not registration in 2022) are compatible with HVO. You can identify if your Škoda is HVO compatible by the lettering "XTL" detailed inside the fuel filler flap. If you are unsure of your vehicles model year please contact your Škoda Dealer. Biodiesel or vegetable oil should not be used in Škoda vehicles and these products should not be confused with HVO. Only HVO that meets standard EN 15940 should be used in Škoda vehicles.

Kodiaq: Safety Assist Systems

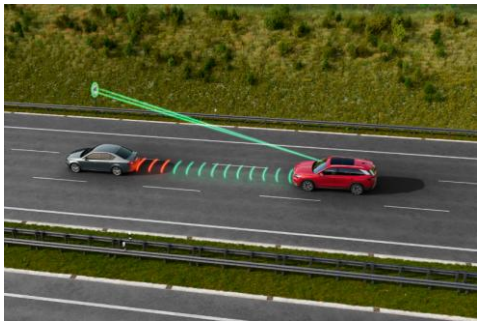

The Kodiaq New Generation has been designed with safety at the forefront and has therefore been fitted as standard with industry leading safety systems, providing the utmost peace of mind for both drivers and passengers. Key safety system includes:

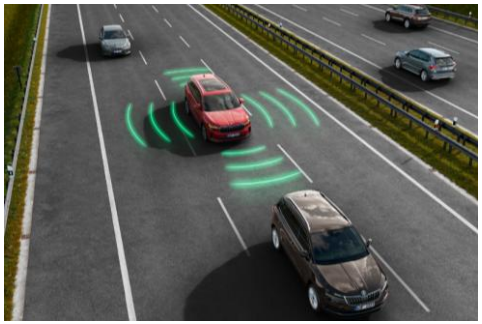

Front Assist
This system monitors the distance from the car in front and will automatically apply braking and pedestrian protection measures such as a visual collision warning or gradual braking pressure depending upon speed. The system also factors in stationary objects such as pedestrians.

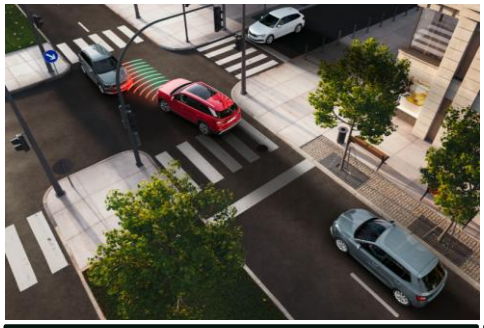

Side Assist
This system alerts drivers of approaching vehicles that are hidden in the blind spot. A warning light housed in the wing mirrors flashes to notify the driver of approaching objects.

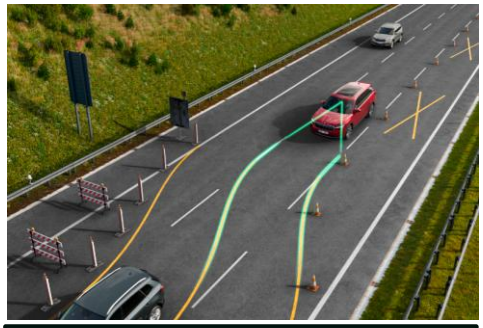

Intelligent Speed Assist
By recognizing road signs, the driver is alerted visually and acoustically when over the speeding limit. This can be adjusted in the infotainment system.

Emergency Assist
When the driver begins to show signs of inactivity, the vehicle will engage this safety feature. For example, the vehicle applies braking pressure, and the seatbelt is jerked to alarm the driver.

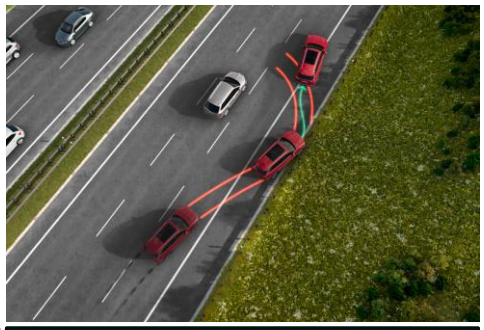

Turn Assist
When the vehicle is turning at speeds between 2-20km/h and there is another vehicle approaching from the opposite direction, automatic brakes will be activated if a predicted collision is imminent.

Lane Assist
This system will use automated steering to bring the vehicle back into road position if it begins to veer out of its lane. The front camera monitors the position of the vehicle within its respective lane.

Rear Cross Assist
While performing a reversing manoeuvre, the rear sensors will monitor the area behind the vehicle and if a potential danger is sensed, the automatic brakes are activated, and the vehicle is brought to a halt.

Multi Collision Brake Assist
In the event of a collision, the sensors in the vehicle will react, in turn activating the automatic braking system to prevent any further accidents.
